

LEAF COLLECTION SCHEDULE

CITY OF FLORENCE

2023

ANNUAL LEAF COLLECTION

The City of Florence Public Services Department is gearing up for the

2023 Leaf Collection Program.

In 2022 the City picked up over 46,566 cubic feet of leaves.

Leaves are used as compost or fertilizer. This year's Program runs from October 23 thru December 21.

GUIDELINES FOR COLLECTION:

1. Raked leaves MUST be in a row behind the curb. Leaves can be **no further back than 4 feet from the curb**. Leaves that are past 4 feet from the curb will not be picked up. *Do not rake in the Street.* **Leaves need to be raked to the curb by 7:00 a.m. the morning of the scheduled pick up listed in this booklet.**
 2. We pick up on residential streets only. And do not pick up on state routes or commercial streets.
 3. **Please keep all debris and trash out of the leaf row.** This includes tree branches, tomato plants and landscape debris. Certain items can cause damage to the equipment delaying pick up times.
 - ♦ All leaves will be composted! To receive one or more loads call (859)-647-5416.
 - ♦ Homeowners may still bag leaves for pickup by Rumpke.
- * Thanksgiving is Nov. 23rd, leaves will be picked up on Nov. 27th.
- ** In observation of Christmas leaves will be collected on Tuesday Dec. 26th.
-

- ◆ Signs will be placed at subdivision/street entrances at least one week prior to the actual pickup day. Not every street will have a sign however the signs will be strategically placed.
Signs will read :

**“City Leaf Pickup Next Week.
REFER TO CITY WEBSITE FOR EXACT DATE”**
www.florence-ky.gov

The attached schedule has been created for your convenience. Schedule may vary due to unexpected weather or equipment failure.

Tree Tips

- ◆ Topping your trees (also called heading or stubbing) is hard on your trees. This can cause the growth of weak branches, insect attacks and terminal death.
- ◆ The best time to plant a tree is during the fall after leaf drop or in spring before bud break.
- ◆ Three basic pruning principles:
 - * Remove dead wood, diseased and dying branches.
 - * Eliminate weak forks and crossing branches.
 - * Do not over prune.
- ◆ Excessive pruning leads to weakened roots.
- ◆ Mulch is to be placed to more than four inches around the base of the tree to help conserve soil moisture and protect freshly planted tree roots. Do not place mulch directly against the trunk, and cup the mulch out.
- ◆ When it's hot out, do not forget to water your trees, they get thirsty too.!
- ◆ Do not put fertilizer on for the first year of your tree's life.
