

THE FLORENCE POLICE DEPARTMENT

Presents

Crime Scene Investigation Camp

For those students going into 6th and 7th grades. Limited 20 openings. Boone Co residents only.

Government Center Community Room A/B

June 24th – 26th

9 AM – 2 PM

Observation & Crime Scene Basics

- **Crime Scene Walkthrough** – Students learn to observe, secure, and document a mock crime scene.
- **Sketching & Note-Taking** – Practice creating a basic crime scene sketch and writing a scene narrative.

Fingerprint Analysis

- **Fingerprint Dusting & Lifting** – Hands-on activity using fingerprint powder and tape.

Blood Spatter Basics

- **Blood Pattern Demo** – Safe activity using red-colored water to explore how blood behaves based on height and angle.

Impression Evidence

- **Shoeprint Casting** – Create and collect shoeprint casts using plaster or similar materials.
- **Tire Track & Impression Matching** – Compare tread patterns and learn how impressions help solve crimes.

Special Techniques

- **Alternate Light Source Demonstration** – Reveal hidden stains or writing using a black light.
- **Toolmark or Bite Mark Comparison** – Introductory exercise in matching physical patterns to tools or molds.
- **Using Safe Chemicals** – Use of chemicals to help us identify and enhance prints.

Team Investigations

- **Mock Crime Scene Processing** – Teams process a full scene, collect evidence, and build a case.
